Profile Summary

Computer Engineering student at Gujarat Technological University (GTU), Government Engineering College Rajkot, currently in 5th Semester. Skilled in Operating system, C Programming, Python, SQL, Database management system, and Data Structures with a strong problem-solving mindset. Quick learner with the ability to adapt to new technologies and real-world challenges. Passionate about applying technical knowledge in practical projects and growing professionally in the field of Computer Engineering and AI.

Skill

- CProgramming
- Python
- Database Management system(DBMS)
- OOP
- SQL
- Problem Solving
- Logical Thinking
- Basic AI & Machine Learning Concept

Education

BE - Computer Engineering

Government Engineering College , Rajkot

2024-2028

- At Gujarat Technological University
- CPI - 7.33

11th-12th Completed

2023-2024

- Royal Science School
- Result : 74.16(all Over)

10th Completed

2022

- HGL HIGH SCHOOL
- Result : 89.72(all Over)

Project

Jarvis-AI-Voice-Assistant

- An AI-powered voice assistant built using Python, OpenAI, Speech Recognition and Text-to-Speech that performs web, music, news and intelligent conversation tasks.

Snake-Water-Gun

- Python-based Snake Water Gun game demonstrating conditional statements, dictionary mapping, and random choice generation.

Language

- English
- Gujarati
- Hindi

Interest

- Coding & Problem Solving
- Artificial intelligence & Machine learning
- Building Real-world Projects
